

Coach/manager,

For **National League Arizona**, we have teamed up with *Next College Student-Athlete, Team Edition and Coach Packet*, which will act as the Official Recruiting Partner of the event.

At National League Arizona, college coaches will be looking at the recruiting profiles of your athletes through Coach Packet. Coach Packet is the digital recruiting booklet being used by college coaches to track team schedules, rosters and athlete profiles. It is important that your athletes have every opportunity to maximize their recruiting process.

Team Edition is your resource as a coach/manager that allows you access to a directory of every college coaching staff in the country and the recruiting activity of your athletes. Most importantly, Team Edition's easy rostering tool allows your athletes the opportunity to build out their profiles that college coaches will be looking at. The next steps are easy, **free** and will dramatically improve the recruiting process for both student-athletes and college coaches.

YOUR ACTION: [use this link to create your FREE Team Edition account](#)

Once logged into your Team Edition account that you create through the above "Your Action" link, the NCSA Team Edition team will connect with you about next steps. If you want to get ahead in the process, on your Team Edition dashboard, click ROSTER and then the ORANGE Invite Athletes button to copy the link and send it to your athletes.

Already have a Team Edition account OR have questions? NCSA is here to help.

With any questions about the profile, please email jpuqliese@ncsasports.org or call 312-638-4458.

Don't forget to use this link to create your FREE Team Edition account

Please note: This will be replacing the PDF recruiting profiles that were used by National League P.R.O. teams in Orlando.
