

2023-24 Sunshine Conference Registration Information

Click [HERE](#) to apply

Competition Overview:

Sunshine Conference is part of the USYS National League Conferences. The top teams will earn advancement to the NCS Regional Championships and automatically qualify for the National League Conference Playoffs. The bottom of the table teams will be relegated to the [Florida State Premier League \(FSPL\)](#).

Scheduling Format:

- Matches played per season:
 - 13-17U age groups: 12-18 matches (Fall and Spring)
 - 18-19U age groups: 7-9 matches (Fall only)
- Home & Away Travel Partner System + 2 Neutral Venue Weekends:
 - There will be 2 Neutral Venue weekends (these matches will be against teams from out of your region if the brackets allow). Then, the remainder of your schedule will be home and away matches through the Travel Partner System.
 - The Travel Partner System allows teams to have home and away matches while minimizing travel by giving teams 2 away matches on the same weekend vs 2 teams geographically closer to each other (Travel Partners) when brackets allow.
