WELCOME TO ELITE 64

Elite 64 Players, Families, Club Leaders & Club Staff:

We are very excited to welcome everyone to the 2023-24 season of USYS National League Elite 64!

We have a great collection of clubs set to compete in Elite 64, and we cannot wait to continue working with like-minded clubs who are looking to put the focus on the player and ensure each young athlete has all the resources needed to reach their potential. After all, the players are what the game is all about and putting them in the best environment to have fun, challenge themselves and make the most of their experience is what Elite 64 is all about.

We are looking forward to another great season of regular season league play. We're especially excited to provide enhanced national events that will allow all Elite 64 teams to compete in meaningful games while joining all National League teams on a unified pathway toward a common goal -- the USYS National Championship.

Elite 64 is lucky to have some great partnerships in place to help enhance the experience for the players and coaches. Through the collaborative effort of these partners, Elite 64, and the clubs, we can ensure every single game is a recruitable moment that moves players closer to reaching their aspirations in the game of soccer.

We look forward to seeing all the talented players take the field to show why their club holds the distinction of being 1 of the Elite 64!

REGULAR SEASON LEAGUE FORMAT

YOUNGER AGE GROUPS

For the 13U and 14U age groups, the Elite 64 league season will offer games in a league format that can be scheduled and managed by the clubs over a full 10-month period, as players of this age are generally unaffected by high school soccer.

OLDER AGE GROUPS

For the 15U, 16U, 17U and 18/19U age groups, the Elite 64 league season will offer games in a league format over a 10-month period. The schedule will be created and managed by the clubs to aid players' periodization and involvement in high school soccer.

SCHEDULING OPTIONS

Multiple scheduling options are available to accommodate travel concerns and allow for clubs to complete their league season in the most sensible way possible.

- **Home/Away** - Each club hosts the other clubs in its group one time and travels to each of the opposing clubs in its group one time.
- **Event-based** - Multiple clubs come together in a single city and/or venue to compete against two or more other clubs from within their group.
- **Hybrid** - Clubs fulfill their matchups with select opposing clubs in a home/away format, while facing other clubs in an event-based format.

NATIONAL EVENTS FORMAT

Elite 64 teams compete in one of two Elite 64 Playoff events. Placement into pools at the Elite 64 Playoffs is based on each team's performance in league play during the previous seasonal year. Results at the Elite 64 Playoffs determine advancement and seeding for the second national event of the season: National League P.R.O.

1. Direct Registration to USYS Elite 64 – This process contains similarly registration processes and requirements as last seasonal year.
2. NEW FOR 2023-24 – USYS State Passes may be utilized as a form of player/coach registration compliance (i.e. register with your state, those passes are valid and eligible for Elite 64 competition).

During team registration, clubs must designate whether they're registering their players/coaches directly with Elite 64 or choosing to register their players/coaches utilizing their USYS State Association passes.

Player and Team Official Registration (i.e. Roster Building) opened on August 1, and details and instructions were sent out to club leaders.

If you have any questions or concerns regarding the Elite 64 registration process, please contact Tiffany Graze at tgraze@usyouthsoccer.org.
