

2023-24 SEASONAL YEAR FRONTIER CONFERENCE OVERVIEW

WHAT IS THE US YOUTH SOCCER NATIONAL LEAGUE?

The primary National League competition takes place at the multi-state level within the network of thirteen (13) regionally aligned conferences across the country. The national platform that ties together the Conferences is the [National League Conference Playoffs](#) which qualifies the top teams from each National League Conference to compete for slots into National League P.R.O. Teams who qualify for [National League P.R.O.](#) will have the opportunity to advance to the US Youth Soccer National Championships. For more information on the National League Conference Playoffs and National League P.R.O, [please click here](#).

The **Frontier Conference** is one of 13 conferences that fall under the scope of the National League and operate at a multi-state level — providing high-level competition on a consistent basis at a targeted local level (North Texas, South Texas, and Oklahoma).

The **Frontier Conference's** top divisions (both team-based and club-based) offer its teams an opportunity to qualify for the 2024 US Youth Soccer Southern Regional Championships, which are held annually each summer. All teams within the **Frontier Conference** also have the opportunity to qualify into National League Conference Playoffs for the next seasonal year and compete in a national setting with increased exposure to college, professional and national team scouts.

COMMITMENT

Any team looking to participate in the Frontier Conference must understand the level of commitment it takes to participate in a League that stretches across three (3) different state associations. All teams understand that this is a multi-state league and that teams may travel hundreds of miles to participate in conference games. Teams understand that they may not play any true “home” games. A limited number of teams are accepted into the Frontier Conference, so it is important that each team makes the commitment to travel BEFORE applying to the conference.

GOTSPORT

The conference uses the GotSport platform to manage the league. All teams will be required to list a contact from their club (in most cases this will be the club administrator) when they register for the conference. That contact will be the point person that the teams within the club will go to first if there are any issues or questions about the GotSport platform. It is important to check with your club before listing the contact on the registration form to be sure the same contact will be listed by every team within your club that is competing in the conference. Team Registration and Roster Building Walkthroughs will be available on the conference webpage and they will be updated throughout the season should any changes happen with those processes. Teams are encouraged to frequently check the team information tab on the conference webpage to see if any updates have been made to these documents.

SELECTION AND PLACEMENT

There is a two-step approval process for accepting teams into the Frontier Conference. First, each team must be confirmed by its respective State Association as properly registered. Second, the Frontier Conference shall review and determine the final selection of all teams. Accepted teams shall be notified via a website posting or an e-mail regarding their acceptance and placement into the Frontier Conference.

Teams in the Boys Premier I and Girls Premier I tier will be accepted based on their qualification from the previous seasonal year. Each State Association may have different qualifying criteria by which teams within their State are identified for participation in the Frontier Conference.
